

Lightweight All-Polyester Double Jacket Rubber Lined Fire Hose

COLORS:

ARMTEX® ATTACK

High Tensile Strength Polyester Double Jacket & EPDM Rubber-Lined Fire Attack Hose

Construction – Double-jacket polyester hose with a synthetic EPDM rubber ozone resistant lining. ARMTEX™ ATTACK is available in the sizes of 1-½", 1-¾", and 2-½". Jacket color options include yellow, orange, red, blue, green and white.

Service Temperature – Remains flexible at temperatures as low as -40°F (-40°C).

Abrasion Resistant Jacket – Designed with superior abrasion resistance and kink resistance to resist damage from constant working conditions, even when using low pressure and straight bore nozzles. A smooth waterway surface for lower friction loss.

Ultra-Lightweight – ATI's lightest weight rubber-lined hose. An 1-¾" 50'* coil weighs just 17 lbs.

Packs Tight – ATI's best packing and easiest to fold double-jacket, rubber-lined hose.

Maintenance Free – Immune to mildew and rot.

10 Year Warranty

Meets and exceeds all NFPA requirements for Fire Hose, current editions.

Applications –

- Municipal fire departments
- Industrial fire brigades
- Shipboard fire fighting

Series Number	Diameter (in.)	Working Pressure (P.S.I.)	Test Pressure (P.S.I.)	Burst Pressure (P.S.I.)	Standard Length (ft.)	Weight of 50 ft* (LB)	Coil Diameters (per 50 ft*)
42H15	1.5	400	800	1200	50/100	15	16
42H175	1.75	400	800	1200	50/100	17	16
42H25	2.5	400	800	1200	50/100	26	19

*Weight does not include couplings
